

**A GUIDEBOOK
FOR
VETERANS INCARCERATED
IN TEXAS**

Introduction

This guidebook was developed by the VA Health Care for Reentry Veterans (HCRV) program in the State of Texas. This guide is designed for use by Incarcerated Veterans prior to their release from incarceration and to keep as a reference after their release. Some of the information in this guide is subject to change and may vary from state to state for certain benefit programs, so double check your local state laws and regulations.

Although staff from the Health Care for Re-Entry Program assisted in updating this guide, please be advised VA assumes no responsibility for the professional ability or integrity of the non-VA organizations whose names appear in this guide. Being listed in this guide does not constitute an endorsement or recommendation by VA.

Also, agency staff names, addresses, phone numbers, and website addresses change. To try to keep this document current, if you find any incorrect, conflicting, or outdated information please notify:

The VA's HCRV Program - Healthcare for Reentry Veterans

The HCRV Program is designed to address the community reentry needs of incarcerated Veterans. Most Veterans who are in jail or prison will eventually reenter the community. VA's HCRV program is designed to promote success and prevent homelessness among Veterans returning home after incarceration.

While you are incarcerated, you will receive health care services through the Texas Department of Criminal Justice (TDCJ) or Federal Bureau of Prisons. VA may not provide medical or mental health services while you are incarcerated, but care can be accessed quickly upon release depending on your needs. The Health Care for Re-Entry Veterans (HCRV) Specialist can assist you in accessing those needed services at your local VA facility. An HCRV Specialist can begin working with you prior to your release and can be helpful in putting together a stable release plan. You can contact the HCRV Specialist by mail or through your facility unit case manager. You may also locate information on HCRV services on the Health Care for Reentry Veterans Homepage: <https://www.va.gov/homeless/reentry.asp>

What We do:

Health Care for Reentry Veteran (HCRV) Program Specialists work to visit with Veterans in prisons throughout the state of Texas prior to their release from incarceration. We provide information to assist community reentry planning and educate Veterans about programs available for veterans through the Veterans Health Administration (VHA).

We can help determine Veteran eligibility for medical care in VA's nationwide system of hospitals and clinics. We have general knowledge about Veterans Benefit Administration (VBA) system which controls pension or compensation (NSC/SC) income restart and applications, VA loans, GI Bill, etc.

SECTION I

USING THIS GUIDE AND SEEKING HELP

This guide is for you to use when planning for your release. It includes addresses, phone numbers, websites, and general information that can lead you towards programs that benefit Veterans. You may want to ask a friend, family member, case worker, advocate, etc. to help you find information if you don't have access to mail, phone, or Internet. Keep in mind this guide does not include all the services available to you. What is available in one area may be different than what is available in another. Be sure to check your local resources to find out about help in your area.

While you are incarcerated, make sure you communicate with your unit case manager or reentry staff about your release planning. Classes may be offered so you can work on skills development and prepare for life after release. You don't want to be released without a plan, so take advantage of the opportunities available to you.

Begin thinking about what specifically you will need upon release. Ask yourself these kinds of questions: Will I need housing? Will I need medical, substance abuse, or mental health care? Do I need to learn a job skill? Do I have any legal issues, such as child support? How do I restart my VA checks or Supplemental Security Income (SSI)?

STEP 1: Make a list of your needs. This can be used as a tool to help you get organized. A sample list might look like this:

NEEDS:	Steps Taken	Contact	Date
<input type="checkbox"/> I need a place to live.			
<input type="checkbox"/> I need a job.			
<input type="checkbox"/> I need clothing to wear to work.			
<input type="checkbox"/> I need to find out what benefits I may be entitled to as a Veteran.			
<input type="checkbox"/> I want to get treatment for addictions			
<input type="checkbox"/> I owe child support.			

Think about your list as you read through this guide. Who do you think can help you with each of your needs? Is there one organization that may be able to work with you on many different things, or do you need to contact several agencies?

STEP 2: When writing a letter to request information, be clear. Keep your letter short, to the point, and write legibly. Include the following information:

- **Your name and contact information.**
- **A brief statement about your current situation.**
- **Your specific request.**
- **What you have done so far (example: I have written to x organization and they suggested I contact you).**

Tips for Contacting Resources

- **When contacting an agency, be patient, persistent and polite to get results. It is not unusual to have to contact/follow up with an agency more than once to get your answer.**
- **Ask questions if information is unclear to you. Many organizations are staffed by volunteers who are eager to help but may not have the answer to your question. If someone cannot help you, ask who else might know the answer. Remember that some agencies do not supply enough staff to be able to rely to your letter.**
- **The internet can be helpful to find information about VA benefits and community resources in your area. This guidebook includes web addresses, when available. If computer access is not available at your facility, you can visit the public library after release. Computer access may also be provided at Texas Workforce Commission and Workforce Solution sites.**

SECTION II

Basic Needs Upon Release

This section includes information that can help you explore your options as they relate to your most basic needs. Remember to check locally for what services are in the area to help you. Some organizations may have waiting lists, require an interview, or have specific rules about whom they serve. *It's best if you start asking about services and requirements now, so you will be prepared when you are released.* You may even ask if your name can be put on a waiting list when you get closer to your release date. The VA does not have programs that an inmate can parole to; although VA programs do accept veterans who have been released and are on parole or probation.

Where to Start

Dial 211. In most areas of the U.S., this will connect you with local social services and referrals for emergency services. Local 211 operators will be able to give you a list of many local organizations that offer different services, which may include emergency shelter, motel vouchers, clothing, urgent care medical services, and more. You may need to contact several agencies to find all the services you need. Included below are some guidelines for services, but your local agencies are your best resource. Remember, it never hurts to ask!

VA HEALTH CARE

Veterans are strongly encouraged to visit a VA Medical Center/Clinic within 30 days of release from incarceration. Bring your ID and DD-214. Ask VA staff where to sign up for VA Health Care. Bring list medications taken while incarcerated. Ask for a future primary care appointment.

VA Medical Centers may provide the following types of programs to eligible Veterans: comprehensive medical care, mental health care, substance abuse treatment, pharmacy services, employment services, homeless services, surgical services, and many other programs/services. Community Based Outpatient Clinics also offer many of the same basic medical and mental health services as the Medical Centers, although hours of operation are usually more limited and services offered may not be as comprehensive. Veterans are generally eligible for an eye exam and glasses as part of the basic medical package. However, it is unlikely that you will be able to get any dental services at the VA as eligibility for outpatient dental care is not the same as for most other VA medical benefits. Please check with eligibility at a local VA Medical Center/Clinic for additional information about what medical benefits you may be eligible for.

Are You Eligible for VA Hospital/Medical Care?

1. Basic Eligibility

- a. Those who served before September 7, 1980 – need an Honorable, General, or Medical discharge and there is generally no minimum active duty period. If a Veteran had two periods of service, one honorable and the other less than honorable, he may still be eligible for VA benefits based on the honorable period of service.
- b. Veterans who enlisted after September 7, 1980 must have served 24 continuous months in addition to having an Honorable, General, or Medical discharge

2. National Guard and Reserves must have been called up for active duty

- a. National Guard or Reserves are eligible for health care if activated/deployed to a combat zone by Federal Executive Order.
- b. If active-duty status was for training purposes only, you do not qualify for VA health care.

Since there are a number of exceptions to the minimum duty requirements, VA encourages all Veterans to apply for health care, so that the VA may determine their enrollment eligibility.

Proof of Service/DD214: if you are unsure of the length of time in service or your character of your discharge, send for a copy of your military service discharge papers. Instructions for how to send for DD214 are included in this Guidebook.

HOUSING

It is important to know that you have a place to go when released. The first step in returning to the community is finding a place to stay. This section includes ways to locate emergency shelter, transitional programs, and permanent housing assistance. Transitional or temporary housing can serve as a step toward full independence upon your release. However, there are often waiting lists for housing assistance programs, so you should ask about applying as soon as possible. If you are released and find yourself homeless, emergency assistance is available.

Health Care for Homeless Veterans

Every VA Medical Center has a Health Care for Homeless Veterans (HCHV) Program that is responsible for helping homeless Veterans access VA and community-based care to end homelessness among Veterans. The HCHV provides outreach, assessments, and linkage to VA housing. An HCHV staff person can be reached by calling the contact number listed for each VA facility. Additional information can be found on the HCHV website at; <http://www.va.gov/homeless/hchv.asp>

How to access housing?

- 1. Before release – work with TDCJ reentry case manager about halfway housing program that might be available in your community of choice. The VA is unable to assist you prior to your release with housing or place you on a waiting list.**
- 2. When you are released – ASAP go to the HCHV Program Outreach or walk-in clinic at the closest VA Medical Center/Clinic that has a HCHV program. A face-to-face visit is required for you to be evaluated to see if you qualify for a VA Housing Program. There is no guarantee of housing by the VA even if you meet the qualifications as housing is based on availability.**
- 3. Keep going to the HCHV Program and checking in with them- so they will begin to know you and help you find the right program to suit your needs. Each VA has different housing programs available.**
- 4. Yes, there may be a wait-list, so keep checking in with the HCHV program.**

The Department of Veterans Affairs, the Department of Health and Human Services (HHS), and the Department of Housing and Urban Development (HUD) have developed a working definition of chronic homelessness: “an unaccompanied adult homeless individual with a disabling condition who has either been continuously homeless for a year or more or has had at least four episodes of homelessness in the past three years.”

VA Housing Programs

- 1. HUD-VASH (VA Supported Housing) - The Department of Housing and Urban Development – VA Supportive Housing (HUD-VASH) Program is a joint effort between HUD and VA to move Veterans and their families out of homelessness and into permanent housing. HUD provides housing assistance through its Housing Choice Voucher Program (Section 8) that allows homeless Veterans to rent privately owned housing. VA offers eligible homeless Veterans clinical and supportive services through its health care system in all 50 states. Veterans are screened for eligibility and eventually placed in a public housing agency (PHA) appropriate housing that is within the catchment area of the VA Case Manager. One exception is HUD-VASH vouchers are not available for lifetime sexual offenders.**
- 2. Grant and Per Diem Program (GPD) – Temporary Housing- The GPD Program (GPD) is offered annually (as funding permits) by the Department of Veterans Affairs Health Care for Homeless Veterans (HCHV) Programs to fund community agencies providing services to homeless Veterans. The purpose is to promote the development and provision of supportive housing and/or supportive services with the goal of helping homeless Veterans achieve residential stability, increase their skill levels and/or income, and obtain greater self-determination. GPD programs offer supportive housing (up to 24 months). Most GPD programs charge 30% of your income. This program is not available at all VA Medical Centers/Clinics.**
- 3. Supportive Services for Veteran Families (SSVF) - For very low-income Veterans, SSVF provides case management and supportive services to prevent the imminent loss of a Veteran's home or identify a new, more suitable housing situation for the individual and his or her family; or to rapidly re-house Veterans and their families who are homeless and might remain homeless without this assistance.**

- 4. Domiciliary Residential Rehabilitation and Treatment Program (DRRTP) - Veterans are usually housed on the grounds of the VA Hospital in San Antonio, Dallas, Big Spring, Temple, and Houston. This program is for those that are at imminent risk for homelessness or require rehabilitation from substance abuse and mental/medical problems. Veterans must be willing to follow program-specific rules and to participate in treatment, physically able to perform activities of daily living.**

HOW CAN YOU GET MORE INFORMATION?

The Department of Veterans Affairs has founded a VA toll-free National Call Center for Homeless Veterans at 1-877-4AID-VET (1-877-424-3838) to speak to a trained VA responder. The hotline is available 24/7 and is free. Neither VA registration nor enrollment in VA healthcare or benefits is required to use this service.

- When you call the National Call Center for Homeless Veterans at 1-877-4AID-VET (1-877-424-3838) You will be connected to a trained VA responder who will ask a few questions to assess your needs. If you are a Veteran, you may be connected to the Homeless Program point of contact at the nearest VA facility. Contact information will be requested for staff to be able to follow up.**
- You can always contact the Health Care for Homeless Veterans service provider at any VA Medical Center or the Health Care for Reentry Veterans Specialist (HCRV) to find out if there are homeless Veteran service providers in your area.**
- Community Resource and Referral Centers (CRRCs). CRRCs provide Veterans who are homeless and at risk of homelessness with one-stop access to community-based, multiagency services to promote permanent housing, health and mental health care, career development and access to VA and non-VA benefits. <https://www.va.gov/HOMELESS/Crrc.asp>**

Non-VA HOUSING ASSISTANCE

- 1. Veterans that are otherwise ineligible for VA health care services, may qualify for VA housing. If you are unable to get into VA Housing or do not qualify for VA services and benefits, please seek public housing, emergency.**

- 2. For Emergency and Transitional Housing call 2-1-1 when you don't know who to call; go to the 2-1-1 Texas website: <https://www.211texas.org/211/>**

Directory of Non-VA Homeless Service Organizations

- **Salvation Army** provides services, including shelter and transitional housing, for homeless individuals and families. For local services and information, contact The Salvation Army nearest you or call 800-725-2769 (800-SAL-ARMY) or go to http://www.salvationarmyusa.org/usn/www_usn_2.nsf
- **Texas Homeless Network** provides a directory of organizations assisting homeless individuals. <http://www.thn.org/> , 512-482-8270
- **Local** community organizations, such as charities, Goodwill, Salvation Army, and United Way, may have a variety of programs to assist you. Find these organizations by calling 211.

Federal Bonding Program – U.S Department of Labor

Bond coverage is provided for any person whose background usually leads employers to question their honesty and deny them a job. The bond is given to the employer free-of-charge, and serves as an incentive to the company to hire a job applicant who is an ex-offender or has some other “risk” factor in their personal background. The employer is then able to get the worker’s skills without taking any risk of worker dishonesty on the job.

MENTAL HEALTH SERVICES AND COUNSELING

If you need support for a specific mental health problem—or if you're having problems sleeping, controlling your anger, or readjusting to civilian life—you are not alone. And we can help.

Over 1.7 million Veterans received mental health services at VA last year. Our services range from peer support with other Veterans to counseling, therapy, medication, or a combination of these options. Our goal is to help you take charge of your treatment and live a full and meaningful life.

Veterans Crisis Line

This hotline connects Veterans in crisis and their families and friends with qualified, caring Department of Veterans Affairs responders through a confidential toll-free hotline, online chat, or text. Veterans and their loved ones can call 1-800-273-8255 and Press 1, chat online, or send a text message to 838255 to receive confidential support 24 hours a day, 7 days a week, 365 days a year.

VA Mental (Behavioral) Health Care

The VA offers treatment and support for a range of mental health problems, including Posttraumatic stress disorder (PTSD), Depression, Thoughts of suicide, Issues related to military sexual trauma (MST), Substance use problems, Bipolar disorder, Schizophrenia, and Anxiety disorders.

VA Behavioral Health Care offers a continuum of mental health services across inpatient, outpatient and residential care settings. General Behavioral Health Clinic services, available at all VA Medical Center sites and most community based outpatient clinics, provide individual and group treatment options for a broad spectrum of mental health diagnoses and problems.

VA is committed to a recovery-oriented approach to mental health care. Recovery empowers the Veteran to take charge of his/her treatment and live a full and meaningful life. This approach focuses on the individual's strengths and gives respect, honor, and hope to our nation's heroes and their families. The concepts underlying a recovery-oriented approach to care are very much in line with VA's commitment to provide patient-centered care.

Vet Centers

If you're a combat Veteran or received a military campaign ribbon, you can visit a Vet Center to get free individual and group counseling for you and your family. You can access these services even if you're not enrolled in VA health care and aren't receiving disability compensation. There is no cost for Vet Center counseling. Vet Center staff are available toll-free during normal business hours at 1-800-905-4675 (Eastern) and 1-866-496-8838 (Pacific) or go to <http://www.vetcenter.va.gov/>

The Vet Center Call Center 1-877-WAR-VETS is an around the clock confidential call center where those that served and their families can call to talk about their military experience or any other issues they are facing.

IF YOU DON'T QUALIFY FOR VA HEALTH CARE, YOU MAY STILL BE ABLE TO GET CERTAIN HEALTH CARE SERVICES, LIKE CARE FOR NEEDS LINKED TO MILITARY SEXUAL TRAUMA.

Call VA general hotline at [800-827-1000](tel:800-827-1000) to find out what your care options may be. We're here Monday through Friday, 8:00 a.m. to 9:00 p.m. ET.

SECTION III

VA BENEFITS AND ENTITLEMENTS

The Veterans Benefits Administration (also referred to as the VBA or Regional Office) provides information and assistance with VA Disability Compensation and Pension, Education and Training Programs, VA Home Loans, Life Insurance, and other federal benefits for eligible veterans.

The Department of Veterans Affairs publishes a booklet called "Federal Benefits for Veterans and Their Dependents" that describes the types of benefits available and lists the addresses and phone numbers for VA facilities nationwide. Write the VA Regional Office (VARO) to request a copy.

ELIGIBILITY FOR VA BENEFITS DURING INCARCERATION

Incarcerated Veterans and incarcerated dependents may apply for compensation, dependency and indemnity compensation (DIC) – service connected death benefits – and pension benefits the same as Veterans who are not incarcerated. However, Congress restricts the amount of benefits that may be paid to a Veteran or dependent while he or she is incarcerated. These benefits are institutionalized as part of law: 38 U.S.C Sec 5313 (a), 38 C.F.R., Sec. 3.665 (a), (d), which reads as follows:

If a Veteran is incarcerated as the result of a "felony" conviction as defined by law: "Any offense punishable by death or imprisonment for a term exceeding one year, unless specifically categorized as a misdemeanor under the law of the prosecuting jurisdiction."

Then, the amount paid to a Veteran incarcerated for a service-connected disability is generally limited by law to the 10 percent disability rate or half the amount of the ten percent rate if the Veteran's disability rating is 10 percent. (If the Veteran is rated before incarceration as 20

percent disabled or higher, he will receive only the amount payable to a 10 percent disabled Veteran.) Incarcerated DIC recipients will receive one-half the amount paid to a Veteran receiving compensation payments for a 10 percent-rated disability.

A Veteran may not receive non-service connected VA pension benefits, or any portion of these benefits, while incarcerated for a felony or misdemeanor. However, his family may receive an apportionment of such benefits under the procedure described above. (1505 38 C.F.R. Sec.3.666)

BENEFITS PAYMENTS WHILE INCARCERATED

There is a 60-day "grace period" following a conviction when you may still receive full benefits. To avoid an overpayment, it is important that you notify the VA Regional Office (VARO) immediately when you go to prison if you are receiving payments. If you do not notify the VA and receive overpayment, you and your family will lose all financial payments until the debt is paid. The VA considers it to be the Veteran's responsibility and fault if this occurs because the Veteran failed to notify the VA of his or her incarceration. Attempts to obtain a waiver in these situations of overpayment are often unsuccessful.

For example: Joe is a Veteran who receives a VA pension. He commits a crime, is convicted and incarcerated, but does not tell the VA right away and keeps getting paid for 6 months. After serving his sentence of 18 months, he is released, and applies to the VA to have his pension reinstated. He will have an overpayment that must be recovered from the reinstated benefits. Until the overpayment is recovered, Joe will have to go without that income.

Your award for compensation or pension benefits should resume from the date you are released, as long as the VA receives notice of release within one year. Additional information is available on restarting your benefits is included in this Guidebook.

APPORTIONMENT

Legally, a Veteran can only receive a portion of the full amount payable for his or her disability rating while incarcerated, but the remaining balance may be "apportioned to the individual's dependent family". This means your dependent family members (spouse, children, or dependent parents) may be able to receive part of your benefits while you are incarcerated. VA regulations clearly specify an apportionment amount will only go to family members if they can show financial need.

To apply for apportionment, you must send a letter to the VA Regional Office (VARO) that identifies yourself as the Veteran and your spouse, children and/or parent as dependents. Also, you will need to fill out VA Form 21-0788 <http://www.vba.va.gov/pubs/forms/VBA-21-0788-ARE.pdf> and forward to your nearest regional office. In deciding whether any apportionment is appropriate, the amount of the apportionment, and to whom it will go, the following factors are considered:

- **The family member's income and living expenses;**
- **The amount of compensation available to be apportioned;**
- **The needs and living expenses of other family members; and**
- **Special needs of any of the family members.**

For example: Tom is rated as 80 percent disability (80% service connected). While incarcerated he can only receive the amount he would get if he was 10 percent disabled (10% service connected). However, his family may be apportioned up to 70 percent, the difference of the 80 percent rating. (80% service connected minus 10% service connected = 70% service connected. The 70% goes to Tom's family.)

There is a 60-day "grace period" following conviction where the Veteran or dependent family members (also called Dependency or Indemnity Compensation (DIC) recipients) may still receive full benefits. If the Veteran continues to receive benefits after the 60-day period, it will result in an overpayment. The VA considers it to be the Veteran's responsibility and fault if this occurs because the Veteran failed to notify the VA of his or her incarceration. Attempts to obtain a waiver in these situations of overpayment are often unsuccessful. As a rule, the Veteran loses most, if not all, financial benefits until the VA recovers the entire overpayment. It has also been a standard procedure that the family will not be entitled to receive an apportionment until the debt is completely recovered.

It is important to remember that most VA decisions, including those on apportionment, can be appealed to the Board of Veterans Appeals and, if need be, to the Court of Appeal for Veterans Affairs.

RE-STARTING BENEFITS AT RELEASE

The VBA needs formal notification of your release from prison in order to re-start benefits. Take your prison release papers in person to the benefits counselor at the VA Hospital/clinic or Veterans County Service Officer. The sooner that documentation is provided to the VBA, the sooner the VA can begin to process your request. A copy of your prison release papers should be submitted along with your request for reinstatement of your VA benefits. You may also send this information yourself to:

**US Department of Veterans Affairs
Evidence Intake Center
Janesville, WI 53547-4444
Fax (844) 531-7818**

The VBA states that it is helpful if the Veteran will request resumption of his/her VA compensation on VA Form 21-4138 and attach a copy of the official release papers. The format on VA Form 21-4138 allows the Veteran to give a good address and phone number, plus VA File Number or SSN.

Veteran needs to be aware that VA benefits will continue to be sent to any previous direct deposit account that was set up prior to incarceration until it is changed using Standard Form 1199a. Veteran can also request that a paper check be mailed to current address or Veteran can call 800-333-1795 to request that a direct express account be set up. The Direct Express Card is a prepaid debit card account that allows federal benefits to be deposited to a prepaid card on a monthly basis.

RESTARTING PENSION OR NON-SERVICE CONNECTED BENEFITS

If the Veteran is requesting re-instatement of a pension or non-service connected pension benefits, they should also submit a new application (to report current financial info), VA Form 21P-527EZ.

SEEKING BENEFITS ON YOUR OWN

Although we encourage you to seek the aid of a service representative, you may choose to apply for VA benefits on your own. Write your local VA Regional Office or apply for benefits online at <https://www.benefits.va.gov/BENEFITS/Applying.asp>

Below are brief descriptions of forms needed to file for certain VA benefits. Be sure you use a return address where mail will get to you as quickly as possible. Make photocopies of all forms for your records before sending your packet to the Veterans Benefits Intake Center.

- ♦ **VA Form 21-526EZ - Application for Compensation and/or Pension - must be filed to apply for compensation or pension.**
- ♦ **VA form 21P-527 – Apply for Pension only.**
- ♦ **VA Form 21-4138 - Statement in Support of Claim – General form to explain why you deserve the benefits you are asking for because of your disability or disorder, status of your claim, and other correspondence.**
- ♦ **VA Form 21-4142 - Authorization for Release of Information - If you have received medical or mental health care that may be relevant to your claim from the community, fill out a VA Form 21-4142 authorizing permission for release of medical records to the VA.**
- ♦ **VA Form 10-10EZ - Application for enrollment in Health Care - to determine eligibility for medical benefits. Complete and bring it with you to the VA medical facility where you will seek evaluation for treatment.**
- ♦ **VA Form 21-0966 – Intent to File – Use this form to let VA know that you are still gathering information to support your claim, and want to start the filing process. Submitting an intent to file can secure the earliest possible effective date for any retroactive payments you may be eligible to receive. This form is only effective if you file a claim for compensation or pension within 1 year of the intent to file.**
- ♦ **VA Form 10-5345 - Request and Authorization to Release Health Information – This form is used to obtain health care records from VA Health Care facilities. You can authorize the VA to send these records to you, an individual, or an agency. Descriptions of some records you can release are drug and alcohol abuse, health summary, discharge summary, and clinical procedures.**
- ♦ **Search all VA Forms at http://www.va.gov/vaforms/search_action.asp**

WHAT IS THE DIFFERENCE BETWEEN VA COMPENSATION AND PENSION?

VA Disability Compensation is service-related disability compensation. VA Pension is a monthly benefit pay to certain wartime Veterans with financial need.

VA Disability Compensation

Disability Compensation is a tax-free monetary benefit paid to Veterans with disabilities that are the result of a disease or injury incurred or aggravated during active military service. Compensation may also be paid for post-service disabilities that are considered related or secondary to disabilities occurring in service and for disabilities presumed to be related to circumstances of military service, even though they may arise after service. Generally, the degrees of disability specified are also designed to compensate for considerable loss of working time from exacerbations or illnesses.

Disability compensation is a monthly tax-free benefit paid to Veterans who are at least 10% disabled because of injuries or diseases that were incurred in or aggravated during active duty, active duty for training, or inactive duty training. A disability can apply to physical conditions, such as a chronic knee condition, as well as a mental health conditions, such as post-traumatic stress disorder (PTSD).

VA Pension Benefits

Wartime veterans who are disabled but whose condition is NOT service-related may be eligible for the VA's disability pension, a different tax-free, monthly benefit designed to assist veterans who are struggling financially due to disability or disease. VA Pension is a needs-based benefit paid to a wartime Veteran and his/her survivor(s).

To be eligible a Veteran must have started active duty before September 8, 1980 and served 90 days or more of active military, naval or air service with at least 1 day during a period of war or if started after September 7, 1980 and served 23 months with at least one day during wartime.

In addition, to be eligible a Veteran must be age 65 or older, have a permanent and total non-service-connected disability, is a patient in a nursing home, or is receiving Social Security disability benefits.

Education for Veterans

Education Benefits

Eligible Veterans incarcerated for a felony conviction can be paid only the costs of tuition, fees, and necessary books, equipment, and supplies. VA cannot make payments for tuition, fees, books, equipment, or supplies if another Federal State or local program pays these costs in full.

If another government program pays only a part of the cost of tuition, fees, books, equipment, or supplies, VA can authorize the incarcerated claimant payment for the remaining part of the costs. The original GI Bill was signed into law in 1944 by then-President Franklin D. Roosevelt. Over the years, the GI Bill has gone through a lot of changes, but at its core, it provides educational benefits to qualified members and their spouses.

Post 911 GI Bill and Hazelwood Act

- ♦ **The period of eligibility for the Post 9/11 GI Bill ends 15 years from the date of the last discharge or release from Active Duty of at least:**
 - ♦ • **90 consecutive days**
 - ♦ • **30 days but less than 90 days if released for a service-connected disability**
- ♦ **Or: 15 years from the date of discharge for the last period of active duty service used to determine eligibility to meet the minimum service requirements of 90 aggregate days of service.**

For more information, call toll-free 1-888-442-4551 (1-888-GI BILL 1) or visit our website at https://www.benefits.va.gov/gibill/post911_gibill.asp

Who is eligible for benefits under the Post 9/11 GI Bill?

Individuals who serve at least 90 days of aggregate service after September 10, 2001 are eligible.

NOTE: If the Release from Active Duty was on or before January 3, 2011 and the separation reason was for CIWD, EPTS, or HDSP eligibility is still granted for a general discharge. However, a "Dishonorable" discharge does not grant eligibility regardless of the separation reason.

Percentages and total months served:

90% - 30 (including service on active duty in entry level and skill training)

80% - 24 (including service on active duty in entry level and skill training)

70% - 18 (excluding service on active duty in entry level and skill training)

- 60% - 12 (excluding service on active duty in entry level and skill training)**
- 50% - 6 (excluding service on active duty in entry level and skill training)**
- 40% - 90 or more days (excluding service on active duty in entry level and skill training)**

What type of discharge is required to qualify for the Post-9/11 GI Bill?

Normally, an HONORABLE discharge is required to be eligible for the Post-9/11 GI Bill. However the following types of discharge may also qualify you for the Post-9/11 GI Bill:

- **a medical condition which preexisted service and is not service-connected**
- **a hardship**
- **a physical or mental condition not characterized as a disability and did not result from willful misconduct but did interfere with the performance of duty**

Forever GI Bill

The Harry W. Colmery Veterans Educational Assistance Act of 2017, commonly known as the “Forever GI Bill”, eliminated the 15-year use-it-or-lose-it constraint associated with the Post 9/11 GI Bill education benefit. The updated bill was created with the intent of improving previous versions of the bill. It eliminated the 15-year time limit tied to the Post-9/11 GI Bill. So, if you were released from active duty on or after January 1, 2013—you qualify.

The Forever GI Bill increased Benefits If You Served Less Than One Year. *The Forever GI Bill increases your benefit level, based on your time in service. Here are the benefit amounts:*

- **0 to 90 days – No benefit**
- **90 days to 6 months – 50% of benefits**

Education Benefits in Texas - Hazelwood Act

The Hazelwood Act is a State of Texas benefit that provides qualified Veterans, spouses, and dependent children with an education benefit of up to 150 hours of tuition exemption, including most fee charges, at public institutions of higher education in Texas. This does NOT include living expenses, books, or supply fees.

A Veteran must apply and be accepted to a Texas public college or university of his/her choice. Go to www.applytexas.org to apply or use your institution's application for admission. For details on the Hazelwood Act contact the Texas Veterans Commission at 877-898-3833 or education@tvc.texas.gov or P.O. Box 12277 Austin, TX 78711-2277

Veteran Community Care – Eligibility

VA MISSION Act of 2018

Community Care website: www.va.gov/communitycare/

COMMUNITY CARE ELIGIBILITY

You may be able to receive care from a provider in your local community if you meet specific criteria. Generally, Veterans must be enrolled with VA to receive care, although some Veterans are not required to enroll to receive care. Eligibility further depends upon your individual health care needs or circumstances. It is important to remember that under the Veterans Community Care Program, in most instances VA must authorize your care before you receive it. Under the MISSION Act, there are six different eligibility criteria for community care. Meeting any one of these criteria for the specific care you need means you are eligible to elect to receive that care either through direct VA care or a community provider in VA's network:

- **The specific care you need is not provided by VA at any facility**
- **You reside in a U.S. state (AK, HI, or NH) or territory (Guam, American Samoa, Northern Mariana Islands, or U.S. Virgin Islands) that does not have a full-service VA medical facility**
- **"Grandfathered" eligibility based on residence and the 40-mile eligibility criterion from the Choice Program**
- **The specific care you need is not available within designated access standards**
- **You and your referring clinician decide it is in your best medical interest to receive the specific care you need in the community**
- **VA has designated the VA medical service line delivering the specific care you need as not providing care that complies with VA's standards for quality**
